TO WHOM IT MAY CONCERN:

I have known Joseph Sy and Christopher So for approximately seven years and I cannot praise their abilities and work ethics enough.

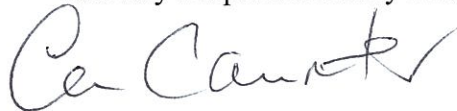

Joseph is always the professional and his knowledge of computers and software is extensive. He always goes the extra mile and his patience and demeanor is calming in the most trying of circumstances. He interacts well with the President of our Company and equally with the administrative staff. Joseph is our “go to guy” and no task is too big or too small.

Christopher So is our “web guy”. The creative mind who is able to answer all our web related questions and is at this time creating a web site for our Company. His knowledge and experience gives me great faith in his suggestions and vision for our new site. This is the second web site I have worked on with Christopher.

Gateway Properties Realty Inc. is a brand new Company that opened this year. Based on my previous experience with Micro Computer Consulting Inc., especially Joseph, I insisted that we hire them to set up and install our computer network and install and ensure the maintenance of all our multi user software programs. They are always available to answer our questions and their suggestions for the forward planning of our computer and software needs is invaluable.

I am very please to recommend Micro Computer Consulting Inc. Joseph Sy and Christopher So will handle your business with professionalism, honest and integrity.

Yours truly,
Gateway Properties Realty Inc., Brokerage

C.A. Caunter,
Manager, Finance & Operations.
